Scissors & Shears

Scissors & Shears

Our Sheffield made scissors make cutting a snip. The handles are moulded directly onto the stainless steel blades and are shaped for comfortable left and right handed use, all tested twice before leaving the factory.

We offer genuine left handed versions of most of our Sheffield Made scissors - ask your representative for details.

The range is supplemented with a selection of great value soft grip scissors and shears for every need.

taylor's
eye
witness since 1838

Taylor's Eye Witness was founded by John Taylor in the early part of the 19th Century. They have stood the test of time through an unrelenting dedication to quality, service and good old fashioned technical know-how in the design and production of kitchen knives and scissors. What they don't know about knives isn't worth knowing!
